www.jorgensenfarms.com

Dear Cattlemen & Cattlewomen,

You are cordially invited to our 47th Annual Production Bull Sale on April 15, 2019 at the Jorgensen Land & Cattle headquarters in Ideal, South Dakota.

It has been our honor to have the opportunity to supply you with some of the top genetics in the Angus breed for nearly 60 years, and we hope we have that opportunity for many years to come. 2019 marked the fifth year in a row that Jorgensen Land & Cattle was named the largest bull marketer in the United States on BEEF Magazine's annual SeedStock 100 list. We are proud of this distinction and do not take it lightly.

Our large, genetic footprint requires us to maintain the highest standards of selection and production in our cattle. Our goal is to continue to offer the very best line-bred cattle in the nation, and that goal can't be achieved without discipline and long-term vision in our breeding decisions. This philosophy is what we call Stacked Performance Genetics™. Jorgensen Land & Cattle will maintain our selection standards that consistently produce top performing bulls and supply the nucleus of our ever-growing bull leasing program. When we first started raising bulls, we didn't set out to become the number one bull marketer in America. However, with Stacked Performance Genetics™, supplying top performing bulls at an affordable price and maintaining strong relationships, we have maintained this distinction for more than five years.

Like any successful business, we are dependent on good people and good relationships. It is imperative to employ quality people, and we are grateful to have a wonderful team of employees here at Jorgensen. Our relationships with our multipliers and customers have been, and will continue to be, our highest priority. The idea is simple: treat people the way you want to be treated. By striving to keep that idea in mind every day, we believe the future is very promising.

We have made the decision to host our sale at the Jorgensen Land & Cattle headquarters. Improved facilities, better access to information on the bulls and more time to view the bulls in their familiar environment will lead to a better buying experience for our customers. Additionally, our family and team members will have more time to interact and build relationships with our customers in a comfortable and inviting setting.

We want to thank our valued customers that have helped us get where we are today. Without your continued support over the years, we could not have achieved this success. For that, we are truly grateful.

Our toll-free number is 1-800-548-2855. Please give us a call with any questions or concerns you may have. Also, for those that can't make it to the headquarters on sale day, the sale will be broadcast live on DV Auction.com. Come and see for yourself why we are called "THE SOURCE."

Thank you,

The Jorgensen Family

Top 100 Bull Sale

April 15, 2019 • 1 p. m.

new location

at the headquarters • Ideal, South Dakota

Sale Location:

The sale will be held at the farm, 31250 265th Street, Ideal, SD

Sale Day Telephones:

Greg Cell Phone: 605-840-2855
Bryan Cell Phone: 605-840-9005
Cody Cell Phone: 605-840-1780
Nick Cell Phone: 605-840-0316
David Thomas: 865-257-1873

Lunch:

A complimentary lunch will be served sale day.

Accommodations:

A limited number of rooms are available at the Lazy J Grand Lodge. Please contact Brenda or Andy at 800-548-2855 for information and availability. There are also several motels in the Winner area. You may contact the Holiday Inn Express directly at 605-842-2255.

Travel Arrangements:

Winner is located on Highways 18 and 183. Commercial planes service Pierre, South Dakota, which is 97 miles north of Winner. We will be happy to meet your plane in Pierre providing advance arrangements have been made. The Winner, SD airport is open for private planes. Please contact Jorgensen's if you need further airport information.

Inspection of Cattle:

Bulls can be inspected at the farm anytime and will be penned on Saturday, April 13, 2019.

- Actual Scrotal Measurements taken March 13, 2019.
- All Bulls have been 50K tested.
- Ultrasound information can be found on pages 33 and 34.

Health:

All cattle will be sold with health papers for interstate shipment.

Trucking:

Jorgensen Land & Cattle will cooperate in arranging trucking with a maximum delivery cost of \$100 per head. Regional delivery free. Please contact Kortni Kauer at 605-850-8886 to arrange trucking.

Terms and Conditions:

Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf).

Insurance:

Insurance will be available sale day. Please inform the clerk at the time of settlement if you want insurance. We take every precaution for the care and safety of your purchases, however, we urge all buyers to insure purchases for safe delivery to you.

Liability:

All persons who attend the sale do so at their own risk, legal or otherwise, for their safety or the behavior of the animals.

Announcements:

Any announcements from the auction block will take precedence over information listed in this sale book. A supplemental sheet will be available sale day with up-to-date breeding and performance information

Buyers unable to attend:

May send their bids to the Sale Manager, Auctioneer or Ringmen.

ADDITIONAL NUMBERS TO STUDY

PHENOTYPE RATING

This is a score from 1 to 10 (higher the better) explaining a phenotype rating only according to Cody. The day the bulls are ultra-sound for carcass merit, he stands out in front of the chute and writes a comment on each bull and scores the bull from 1 to 10 based on it's visual appearance that day.

JLC FOOT SCORE GUIDELINE

This is a score from 1 to 5 (higher the better) explaining foot soundness. See the foot score chart for additional information. This score is an average between Pat Donahue and Cody Jorgensen, who scored the feet separately. Their scores were then averaged together.

BALANCED SCORE RANKS

We are providing two "balanced score" ranks in the catalog this year. We use an internal program that takes the available data on our bulls in the sale book, combines them into 12 composite traits, and weights them according to preference. We weigh each of the 12 composite traits equally (see chart below) and rank the bulls according to their score (1 being the best). This is done in two ways for this year's catalog-

- **Overall Rank**- Scores are ranked across the entire sale group
- **Sire Group Rank**- Scores are ranked across their sire group only

We have decided to include this additional information for you, our valued customer, to make a more informed purchasing decision. Our philosophy is that more information and transparency will ultimately lead to faster genetic progress.

If you would like a more personalized set of rankings, other than balanced, don't hesitate to ask and the ranks for your preferences can be provided.

Composite Trait	Traits contained as named in sale catalog	Weight
Calving Ease	BW, BW EPD, CED	9.1%
Weaning Weight	Adj. WW/Ratio, WW EPD, \$W	9.1%
Yearling Weight	Adj. YW/Ratio, YW EPD, \$F	9.1%
Average Day Gain	ADG Ratio	9.1%
Feed Conversion	FC	9.1%
Frame	Hip height measured at semen test*	9.1%
Fertility	Scrotal	9.1%
Carcass Merit	\$B, RE, MRB, Dam RE Ratio*, Dam MRB Ratio*	9.1%
Inbreeding	IC	9.1%
Maternal	MILK, Dam Avg BWR, Dam Avg WWR, Dam Avg YWR	9.1%
Rating	Rating	9.1%

*- not included in sale catalog

JLC FOOT SCORE CHART

1) **UN SOUND** Extremely weak on pastern set, open toed or extreme crab claw in both toes, Vertical and horizontal cracking.

2) **MARGINALLY UNSOUND** Open toed, moderate crab claw, curling in one or both toes near crossing. Somewhat weak on pastern set.

3) **AVERAGE SOUNDNESS** Moderately open toed, tendency for claws to curl, with one claw larger than the other. Acceptable on pastern set.

4) **ABOVE AVERAGE SOUNDNESS** Slightly open toed, slight tendency for claws to curl, one claw may be slightly larger than the other. Above average on pastern set.

5) **IDEAL FOOTED** Symmetrical claws with appropriate space between claws, also the correct angle for proper wearing of the claws or toes. Ideal on pastern set.

Renown 3439 is a member of one of the most valuable matings ever created in the Schaffs Angus Valley program and is a powerful, proven grandson of the history making Jorgenson sire, Rito 707. Sons of Renown 3439 have headlined the SAV sales and bull sales across America and he is joined by his full brothers, the popular Resource 1441 and Recharge 3436 in spreading the influence of the Jorgenson program. If you examine the pedigrees of Resource, Renown or any of their full brothers, you will find a total of 112 Jorgensen bred or owned animals underpinning them, and due to the Jorgensen linebreeding program and AI – these Jorgensen foundation ancestors appear a total of 583 times in the pedigrees of Renown and Resource throughout multiple generations.

Rito 7075, the sire of Renown and Resource was bred at “The Source” by combining the Jorgenson sire, Rito 707 with the foundation and productive Jorgenson female, Ideal 3407. Renown 3439 sires progeny with added capacity, volume, muscle and length of body while ranking in the top 2% for Docility, 5% for YW, 10% for WW and RE; 15% for \$F; 20% for CW and 25% for \$W. Renown is a multi-trait sire who blends the best of Jorgensen with one of the top producing females to ever work in the SAV program, Blackcap May 4136.

We think you will like the Jorgensen sons of Renown in this sale and the impact they will have on your herd.

Rito 707 / The grandsire of Renown.

Ideal 3407 / The grandam of Renown.

Sons sell as Lots 1 - 23 and 77- 92

Ideal 9147 of 4227 236

- A beautifully made performance cow that is packed with Rito genetics, tracing 194 times to Rito 707.
- She is the eleventh consecutive maternal generation of Jorgensen females to post progeny WW and YW ratios of 100+
- She earned progeny ratios of WW 113 and YW 107
- A complete outcross for Marbling genetics without New Design, Precision or Bando 155 in her pedigree
- Her sons by SAV Renown will trace 253 times to RR Rito 707 and 328 times to his sire, Rito N Bar
- Progeny IMF ratio of 112 and Marbling EPD in Top 30%
- Sons sell as Lots 8, 9, 18, 20, 83, 85

5 Consecutive Years

For the fifth consecutive year, Jorgensen Land & Cattle was named the nation's largest supplier of beef bulls according to **BEEF** Magazine's 2019 **BEEF** Seedstock 100 List.

Jorgensen Land & Cattle has earned the reputation as "The Source" for foundation Rito and Band genetics – the kind of genetics used to build a cow herd. We are proud to have earned that reputation by consistently selecting our breeding herd based on reproduction ability, fast growth and desirable carcass traits. Throughout the past 60 plus years, selecting for these three factors has been foremost in our breeding and selection criteria. Intense selection, consistent testing and discipline, generation after generation, has built our foundation breeding program and has enabled us to produce a uniform calf crop year after year.

As you examine our catalog, notice the generations of consistent performance that have been stacked on top of each other. That is what you will find in the genetic foundation of our donor cows.

We earned the title of "largest" by doing the right things and doing them consistently – for generations.

Watch & bid online for FREE at

DVAuction
Broadcasting Real-Time Auctions

View the Auction Live!
Bid Online... you're ringside
right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

Ideal 9744 of 332 2636

- A fifth generation donor cow
- The seventh consecutive maternal generation of Jorgensen cows with progeny WW and YW ratios of 100+
- Her progeny ratios of WW 112, YW 107 and IMF 101 earned her a well-deserved spot in the donor pen
- Sons sell as Lots 43, 44, 61, 62, 70, 87

Ideal 9505 of 5570 7104

- The result of using a Band sire on a cow with a heavy influence of some classic Rito 707 breeding, tracing back to the famous Rita 5H11 cow.
- Ideal 9505 is linebred to RR Rito 707, primarily through "Rito 149" and Rito Excel 809; tracing 164 times to Rito 707
- Sons by SAV Renown will trace 223 times to Rito 707 and 297 times to his sire, Rito N Bar
- She earned her entry into the donor pen by posting progeny ratios of WW 112, YW 111 and RE 111
- Sons sell as Lots 4, 16, 77, 78, 79

Ownership of All Bulls Selling

Jorgensen Land & Cattle is retaining one-third revenue sharing semen interest in every bull selling through this sale. Full possession and full salvage value sells on all bulls unless otherwise noted. However, the bull you purchase is totally in your control in how you want to handle him. Simply, Jorgensen's are reserving the right to a share of semen sales revenue from the bull if, at some time in the future, semen sales become a possibility. If you sell the bull to another breeder, Jorgensen Land & Cattle retains the semen interest.

WHY WE TEST WITH i50K FROM ZOETIS

Powered by i50K™ from Zoetis, our cattle sell with genomic-enhanced expected progeny differences (GE-EPDs).

With GE-EPDs, we're confident that customers like you can minimize risk in their investment — and enhance the productivity of your cattle.

The benefits of buying i50K-tested bulls and heifers goes beyond added accuracy for the complete range of traits for more productive daughters and progeny. You'll know early on what that animal is likely to transmit to its offspring and potential for performance in the feedlot and on the rail. You can also match the i50K tested sires you buy from us to match calves and replacement heifers — through GeneMax™ Advantage™ and GeneMax™ Focus™ — to make better breeding and management decisions down the road.

Knowing an animal's potential. Continuous progress of your herd. That's why we test with i50K.

Number of progeny records in conventional genetic evaluation needed to achieve the same accuracy as GE-EPDs powered by i50K

Trait	Progeny Equivalents
Heifer Pregnancy (HP)	14
Calving Ease Direct (CED)	28
Birth Weight (BW)	21
Milk	33
Docility (Doc)	10
Scrotal Circumference (SC)	13
Weaning Weight (WW)	26
Yearling Weight (YW)	21
Dry Matter Intake (DMI)	8
Yearling Height (YH)	8
Mature Weight (MW)	11
Carcass Weight (CW)	9
Marbling (Marb)	9
Ribeye Area (RE)	12
Fat Thickness (Fat)	10

new sale location!!

**The 2019 Sale will be held at the JLC headquarters
31250 265th Street • Ideal, SD
We look forward to seeing you!**

The blue box labeled IC in the pedigree is the Inbred Coefficient Number. Following is a short explanation of what this number means.

Measurement of Inbreeding

Inbreeding of an individual is measured with the inbreeding coefficient. The inbreeding coefficient measures the percent increase in homozygous gene pairs in an individual relative to the average of the population from which the individual came. If a bull has an inbreeding coefficient of .25, he is expected to have 25 percent more homozygous gene pairs than a non-inbred individual from the same population.

The inbreeding coefficient can have any value between 0 and 1.0, although it is unlikely for it to have a value much above .5 in most herds of livestock. These coefficients are relative to a particular population. It is fairly easy to have it approach 1.0 in plant species where self-fertilization is possible. Also, some lines of laboratory animals have very high average inbreeding coefficients. A few lines of beef cattle and swine that have undergone intense inbreeding for 40 to 50 years have average inbreeding coefficients of .5 to .6. This is accomplished by many generations of brother-sister or parent-offspring matings; therefore, an inbreeding coefficient over .5 is unlikely in a seed stock herd of beef cattle.

It is with heavy hearts and the deepest sorrow that we announce the peaceful passing of the matriarch of our family and organization: Mary Jorgensen. For 91 years, she brought light into the lives of everyone she knew. For 72 of those years, she stood steadfast by Martin's side as they built a thriving family and a successful business. With unshakable faith, she served as our rock, through good times and bad, and accepted every situation with grace and dignity. While she may no longer be here with us, we can all celebrate that she has reached the arms of our Lord, whom she strove to serve and praise her entire life.

It took a man of unwavering strength to build our legacy, but it took a woman of equal strength and unwavering patience to build the man.

"...but few things are needed--or indeed only one. Mary has chosen what is better, and it will not be taken away from her." Luke 10:42

Mary Jorgensen
