Dear Cattlemen & Cattlewomen,

We are look forward to welcoming you to Jorgensen Land & Cattle for our 1st Annual Motherlode™ Female Sale on Saturday, September 17th.

Throughout history, Angus cows have been known for being great beef cows and Angus bulls for siring good, productive daughters. The breed earned a reputation for fertility, mothering ability, enough milk to wean a really good calf, enough fleshing ability to breed back on schedule, and for producing superior carcass quality. While carcass traits are important, too many people have single-mindedly chased Marbling or \$B, and it is ruining cow herds across the country and ruining the maternal reputation of the Angus breed. This happens every time single-trait selection is practiced.

We have always recognized the importance in the Angus cow in the Jorgensen breeding program. We know that cow-calf profitability starts with a fully functional, reproductively sound, maternally oriented cow herd. Single-trait selection leads to destruction of good cow herds. We created the Motherlode program to build more great cows and bulls that can rebuild cow herds, because too many terminal bulls will leave their mark on previously good cow herds.

If you are relatively new to the Angus breed or just haven't visited Jorgensen cow herd for a while, we invite you to come take a look at our cow herd. You will find cows in our herd that reflect our 60+ years of breeding & balanced-trait selection for Reproduction, Growth to Yearling, Carcass Merit, and Feed Efficiency. We hope you will notice that we have stacked great cows in our pedigrees – generation after generation. We are even offering cows in this sale with as many as 12 consecutive maternal generations of cows that earned Progeny WW & YW ratios of 100 or higher – that process spans as many as 50 or more years. We did that with the purpose of building cows and bulls that will reliably produce good, productive, sound daughters (structurally & reproductively). We do that because this responsible, multi-generational Angus breeding program believes that the breed needs breeders like that.

On Saturday, September 17th, we will be offering you the opportunity to add our generations of selection to your herd. We will be selling every Varsity cow born in 2017 or earlier, Pathfinder cows, Elite donor cows, young cows, and even a few very select heifer calves. There are over nine different cow families represented in this offering, and we think you will find something to fit the needs of your breeding program in our offering.

It has been our honor to supply the Angus breed with top-of-the-line genetics for over 50 years. Like any successful business, we are dependent on good people, good customers, and good relationships. It is imperative to employ quality people, and we are grateful to have a wonderful and growing team of employees here at Jorgensen Land & Cattle. Our relationships with our employees, cooperators, and customers have been, and will continue to be, our top priority. The idea is simple, "Treat people the way you want to be treated."

You are cordially invited to visit us during the days or weeks ahead of the Motherlode Female Sale and see for yourself why we are called "THE SOURCE." In addition, if you are in the area on Friday evening, we invite you to join us at the Lazy J Grand Lodge for the pre-sale Welcome Event (with dinner).

Our toll-free number is 800-548-2855. Please give us a call with any questions regarding any lot in the sale or about our program. Also, for those that cannot make it to the headquarters on sale day, the sale will be broadcast live on DVAAuction.com.

Thank you for your interest in our breeding program.

ANGUS BULL SOURCE

Jorgensen Land & Cattle
PARTNERSHIP

www.jorgensenfarms.com

800-548 2855 (BULL)

Each year, Jorgensen bulls sire roughly 130,000 calves across the U.S., calves that build beef cow herds and calves that produce healthy, delicious steaks, roasts and burgers. That level of influence is something we take seriously, and that is why we never stop searching for ways to improve our genetics and their positive impacts on your cattle operation and the U.S. Beef Industry.

COMMENTS FROM THE SALE MANAGER:

Plan now to be on hand Saturday, September 17th for the Jorgensen Land & Cattle Motherlode Angus Female Sale at the ranch near Ideal, South Dakota. This special event represents seven decades of Jorgensen Performance Angus. From pioneers to world's #1 Angus bull source, Jorgensen Land & Cattle features a renown cow herd backed by many consecutive generations of performance breeding selection. The Motherlode Project is a concentrated embryo donor program designed to catapult genetic progress of the Jorgensen herd by focusing on the most elite. These great donor cows sell along with cows from the heart of the Jorgensen Varsity herd.

The herd sire producing Lady, Jilt, Marjorie, Dorinda, Blackbird, Blackcap and other leading families are all strongly represented. Unprecedented opportunity awaits sale day!

The Jorgensen family operation has a heritage that stems to the original homestead in 1909, and they have gone on to become an American success story as innovators through Ideal Beef Systems with multi-generational forward thinking in both their Angus and farming enterprises. Certainly, this is an event you will not want to miss. Please don't hesitate to call on us at the American Angus Hall of Fame if we can be of assistance with your selection decisions. We are here to serve.

Sincerely,

Jorgensen Prominent Sire Lines

Rito N Bar

Stemming from the Jorgensen foundation ABS sires Rito N Bar and RR Rito 0707, this pioneer performance lineage has made a monumental impact on the Angus breed for more than half of a century. This sire line spawned a host of famous sires including Rito 707 of Ideal 533 70 (Rito 149), Rito 707 of Ideal 836 71 (Rito 72), Jetliner 707 of Conanga, PBC 707 1M F0203, Rito Idealist, Rito 707 of Ideal 3407 7075, SAV Resource 1441, SAV Renown 3439, SAV Quarterback 7933, Ideal All Pro and a multitude of others.

The most prevalent lineage in the Angus breed today that was produced in the Jorgensen program stemming from the Jorgensen foundation sire Camilla Bandolier M 47X who in turn sired Band M 47 X of Ideal 53 70, the sire of Band 602 of Ideal 928 72 (Band 234) who was joined in the ABS AI Stud by his famous son Band 234 of Ideal 3163 (Band 105). The Band 105 sons QAS Traveler 23-4 and Tehama Band 155 each perpetuated lasting legacies with generations of descendants who have seen widespread use and led the breed for annual registrations.

Band 602 of Ideal 928 72

Eldorado 156 of Ideal

The Eldorado sire lineage distinguished in the Jorgensen program stems from Band 234 of Ideal 3191 (Band 116) who in turn sired the ABS sire Band 116 of Ideal 2118 7174 (Band 174). That bull's important son Eldorado 156 of Ideal, left a lasting legacy in the Jorgensen program including his famous descendant Ideal 1418 of 8103 4286, and extending further to the Pathfinder Sire Ideal 9524 of 5570 6809 and ultimately to the popular Ideal Encore of 9524 Lady who has taken his place as the highest valued bull produced in the history of the Jorgensen Angus program.

The Emulous sire lineage is widely recognized for pioneer performance and carcass genetics stemming from a heritage of world-record gaining bulls and the breed's very first Certified Meat Sires. A select assortment of Emulous bulls have been utilized very successfully in the Jorgensen program including the famous EE 30 1254 of Ideal 5254 960 who became immortalized as the sire of the legendary cow EE 4286 of Ideal 2240 1254.

EE 30 1254 of Ideal 5254 960 (1254)

Emulation 31

The Emulation sire lineage offers strong contributions to the breed in terms of fertility, maternal strength, udder quality, longevity and carcass traits. The linebred Emulation 31 bull, N Bar Emulation EXT, is the most widely used sire in the history of the Angus breed who led the breed for registrations for five consecutive years. Most recently, the sires SAV Elation 7899 and N Bar Emulation EXT A1747, have positively contributed to the Jorgensen program.

Jorgensen Proven Cow Lines

The Dorinda family first rose to fame for producing the famous full-brothers-in-blood Rito 707 of Ideal 533 70 (Rito 149) and Rito 707 of Ideal 836 71 (Rito 72). This family also produced Eldorado 156 of Ideal and his famous flush sister Rito 154 of Ideal 6173-174 who is in turn the dam of Rito 549 of Ideal 154 9J9 and Ideal 7318 of Dbl Image 5002 154. Other noted bulls from this family include the maternal brothers Super X 5189 of Ideal 3134, Ideal 692 of 9J9 3134 and Ideal 3452 of 6807 3134, along with Rito 72 of Ideal 533 (Rito 206), Ideal 033 of 7365 8263 and Ideal 2215 of 8296 026.

BLACKBIRD
Cow Line

The Blackbird families in the Jorgensen program are comprised of an impressive series of branches that include the great cow Rito 72 of Ideal 606 (Brand 3191) who produced Band 234 of Ideal 3191 (Band 116) and others that resulted in the famous bulls Rito Idealist, Rito 707 of Ideal 3407 7075, Rito 149 of Ideal 632 72 (Rito 109), Band 234 of Ideal 2118 (Band 156), Band 116 of Ideal 2118 7174 (Band 174), Rito 72 of Ideal 033 (Rito 83), Rito 72 of Ideal 3166 (Rito 119), Ideal 5201 of 033 076, Ideal 9524 of 5570 6809, and many more.

The Jorgensen Lady family catapulted to prominence when Ideal 4465 of 6807 4286 produced two consecutive Jorgensen feed efficiency winners and went on to be the \$45,000 record-selling cow as Lot 1 of the 2003 Jorgensen Female Sale and later sold one-half interest for \$55,000 for a \$110,000 valuation at twelve years of age and produced a multitude of top-selling progeny to generate more than \$2.5 million in progeny sales. The many important sires from this cow family include the high-performance and high-maternal Pathfinder Sire Ideal 1418 of 8103 4186 as well as Ideal Encore of 9524 Lady, the top valued bull in the history of the Jorgensen program.

JILT
Cow Line

The Jorgensen Jilt family is a time-tested tribe tracing in the Jorgensen program into the decade of the 1950s and this family is the first to produce a Jorgensen Pathfinder Sire. This family later produced Ideal 1281 of 6469 Jilt, the Jorgensen proven high-marbling sire who is the \$59,000 top-selling bull of the 2012 Jorgensen Sale, along with his flush sister Ideal 1217 of 6469 Jilt who is the highest marbling donor of this entire auction featured as Lot 3. The cow who sells as Lot 31 produced Ideal All Pro, the record-selling bull of the 2022 Jorgensen Sale where one-half interest sold for \$75,000 for a \$150,000 valuation.

The Jorgensen Marjorie family is one of the strongest ongoing families in the Jorgensen program with a history tracing into the 1950s and a track record that includes numerous top-sellers as well as the noted bulls EE 30 1254 of Ideal 5254 960, Ideal 9199 of 692 7399, Ideal 6442 of 8103 351, Rito Revolves 0R5, Ideal 7275 of 5V3 1431 and Ideal 5609 of 1281 Marjorie. The impressive donors featured in this sale from this family include the flush sisters Ideal 5118 of Res Marjorie and Ideal 5123 of Res Marjorie as well as Ideal 9743 of 332 236 and Ideal 5737 of 9524 Marjorie.
